LESSON PLAN 2

Evan and his Lunch Card

Ages 7-11

Illustrations: Flaticon.com

Illustrations: Flaticon.com

Evan’s Pre-paid Lunch Card

Illustrations: Flaticon.com

£25 on lunch card

£5 for Monday's lunch = £20 left on lunch card

Illustrations: Flaticon.com

Scenarios

- Evan forgets money for the bus one day (and doesn't have his bus pass) – he tries to pay for the bus using his pre-paid lunch card
- Evan loses his lunch card – he finds out later that someone else had found it and was trying to use it
- Evan's friend Jin forgets his lunch card one day and Evan pays for Jin's lunch, using his own card
- Evan is really hungry one day after P.E and orders more food than usual
- Evan's grandma forgets to top up his card over the weekend – Evan realises at lunchtime on Monday
- Evan's friends think he should buy a Mega Freeze slushie for lunch instead of the sandwich he usually gets – his friends are all buying a Mega Freeze
- Evan forgets his lunch card one day
- Some older teenagers want to use Evan's lunch card to buy extra for themselves – he doesn't want to give them his card to use, but he's worried about what might happen if he says 'no'
