Thurs 26 Nov

BARVEMBER 2020

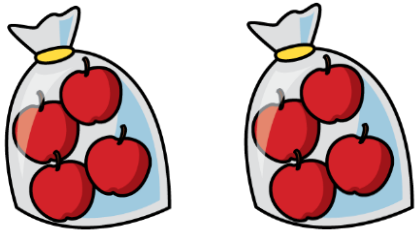

White Rose Maths

1

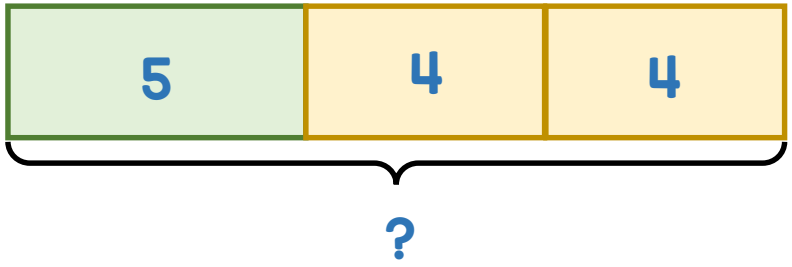

Jon buys this bag of apples.

He buys two more bags like this.

How many apples does he have in total?

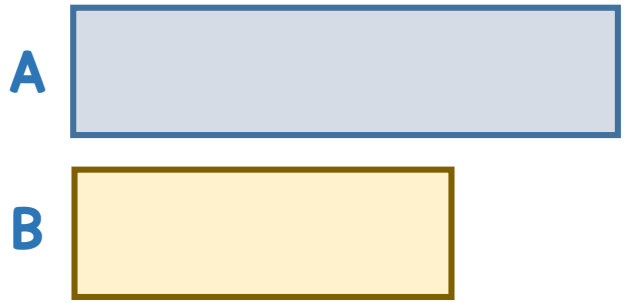

2

Annie has two jugs of juice.

- There are 14 litres of juice in jug A.
- Annie pours 3 litres of juice from jug A into jug B.
- There is now the same amount of juice in each jug.

How many litres of juice were in the jug at the start?

Thurs 26 Nov BARVEMBER 2020

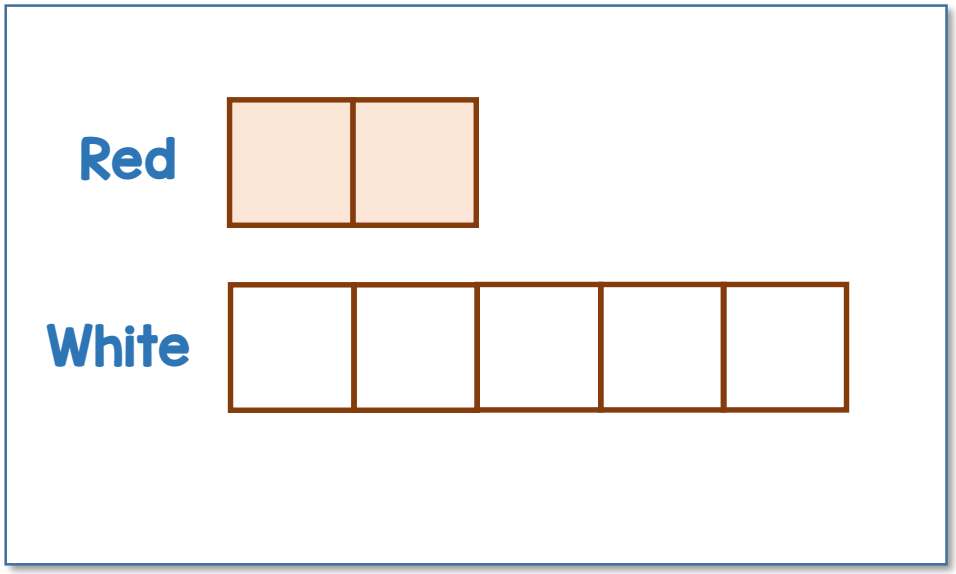

White Rose Maths

3

A shop sells roses.

- $\frac{2}{7}$ of the roses are red.
- The rest are white roses.
- There are 30 red roses.

How many more white roses are there than red roses?

4

There are 3 groups of children.

- There are the same number of children in 1st and 2nd group.
- There are 75 more children in the 3rd group than the 1st group.
- Some children are moved from the 3rd group to the other groups.
- There are now the same number in each group.
- There are 193 children in the 1st group now.

How many children were in the 1st group at the start?
